

**UNESCO WORLD HERITAGE SITE
SCHÖNBRUNN**

THE PALACE, THE PARK AND THE SCHÖNBRUNN ZOO ARE THE MOST-VISITED CULTURAL AND RECREATIONAL ATTRACTIONS IN AUSTRIA.

THE ZOO WAS FOUNDED IN 1752 AND IS REGARDED AS THE OLDEST ZOO IN THE WORLD.

A YEAR-ROUND ATTRACTION

The zoo has tropical oases that are well worth seeing, and which provide a unique experience, especially in the winter months: the aquarium and terrarium building with its unforgettable coral reef, the aviary and the rainforest building that recreates a Southeast Asian rainforest.

RESTAURANTS AND CAFÉS

In the historic centre of the zoo, visitors are greeted by the imperial breakfast pavilion, a jewel of the baroque from the eighteenth century, which today is a café and restaurant.

The 'Tirolergarten' Inn (Tyrolean Garden) imparts impressions from the world of the Alps to its visitors and serves traditional Austrian cuisine.

PROTECTING AND PRESERVING SPECIES

Each visit you make supports the species conservation projects at the Schönbrunn Zoo, which is working towards the survival of many endangered and threatened species under the motto 'Protect and Preserve Species'.

ACCESSIBILITY

PUBLIC TRANSPORTATION

- U U4 Station Hietzing

DISCOVER SCHÖNBRUNN BY TRAIN

The yellow and green trains connect all of the important points in the Schönbrunn Palace Gardens, grounds and zoo. The trains run from April to October daily from 10am till 6pm, and from November to March upon request.

The Schönbrunn Panorama Train can also be exclusively booked for private functions or for tour groups.

Over an area of seventeen hectares, animals from all continents make their home in the Vienna Zoo. In an ambience which is partly baroque, visitors can encounter giant pandas, koalas, rhinoceros, elephants, seals, orang-utans, giraffes and more.

In total, more than 600 species of animal find a home in the Schönbrunn Zoo, including some of the world's most seriously endangered species.

TODAY, THE FORMER HOLY ROMAN EMPEROR'S IMPERIAL MENAGERIE IS A WORLD CLASS, INTERNATIONALLY RECOGNISED ZOOLOGICAL GARDEN.
