

EAZA MENSCHENAFFENKAMPAGNE 2011

A horizontal strip of five close-up photographs of great apes. From left to right: a Gorilla with dark fur and a large nose; a Schimpanse with lighter brown fur and a more expressive face; an Orang-Utan with reddish-brown fur and a prominent brow; a Bonobo with dark fur and a smaller, more delicate face; and a Gibbon with light brown fur and a very expressive, almost human-like face. Each image is a vertical strip, and the names of the apes are written below them in a small, white, sans-serif font.
